THE SENIOR CLASS ANNUAL STAFF

of

MINOR HILL HIGH SCHOOL

Dedication

We, the Senior Class of Minor Hill High School, proudly dedicate this annual to our parents, who have helped make possible our high school education. These parents have been effective in giving us opportunities for learning so that we will be better prepared to go forward into the future. Without their untiring efforts it would not be possible to have the school that we have today. We sincerely wish to extend a token of gratitude and appreciation to our parents, who have so unselfishly given of their time and efforts to the interests and advancements of Minor Hill School.

The Senior Class of 1961

Principal's Message

The youth are the nation's most important asset. The way parents and teachers assist them in the development of their abilities will determine the citizens of tomorrow.

Never in the history of civilization were there so many doors of opportunity open to young people. Never was there a greater challenge to their mental, moral and physical ability. Never were there so many problems to be solved. The young people with determination, courage and enthusiasm will never lack something to do.

We have great faith in our young people today and feel confident that the future will be in safe hands when they take over.

All may not win fame and fortune, but these are not the greatest rewards. Always give your best.
